

# WEEK 11 :: MULTIPLY

--- Watch Video ---

## NOTES:

---

---

---

---

## Discussion Questions ::

1. With all you have learned during this study, the question to ask is, "What do I do now?" What is God asking me to do with this knowledge. During these past few weeks has God placed anyone or anything on your heart? Share with the group.
  
2. Time to edify and encourage! Take a moment and share something special that you have noticed about someone else in the group. Have you noticed something special about their personality, have you seen a spiritual gifting, have they said or done something that has encouraged you? Choose someone that would least expect it! You may be sharing a God call on their life that have never seen. (Leaders: make sure everyone gets an encouraging word and make sure all comments are positive and encouraging)

**CHALLENGE:** This week take a moment to text, email, make a visit or write a letter to someone who would least expect it and encourage them! Reach out and share your heart. Bring Donuts to work. Bring someone their favorite coffee just because. Take someone some flowers. God will tell you what to do if you ask Him. Be ready to share next week at the CELEBRATION!
