2. How as a group, family or team could you encourage each other not to quit? In what ways could God use this group to help one another during those inevitable times that we are "ready to throw in the towel"?

CHALLENGE: Write in your journal a prayer telling God your ready to commit to what He is calling you to do!!! Make commitment to stand, to fight, to run after what God has for you! Write down the verse, Gal. 6:9 and read it every day this week. Find someone you can encourage today! Remember the miracle you are waiting for is usually just past "I want to quit" line! You might just be the encouraging word that keeps someone from quitting just short of their miracle!
